Anomaly maps with the normal-calibrated region (cyan) — K=5, seed 111; green: GT outline, visualization only

screw (success) · true: manipulated_front
Ours: manipulated_front · SimpleShot: thread_top

screw (failure) · true: thread_side
Ours: manipulated_front · SimpleShot: scratch_head

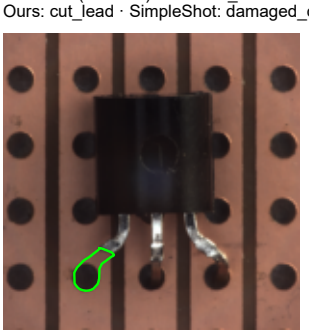

capsule (success) · true: squeeze
Ours: squeeze · SimpleShot: scratch

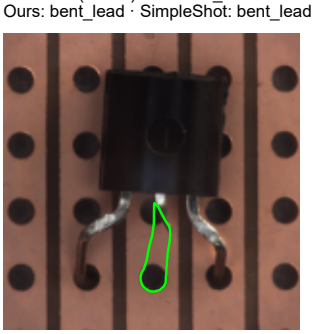

capsule (failure) · true: faulty_imprint
Ours: scratch · SimpleShot: scratch

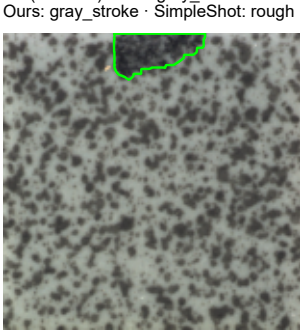

transistor (success) · true: cut_lead
Ours: cut_lead · SimpleShot: damaged_case

transistor (failure) · true: cut_lead
Ours: bent_lead · SimpleShot: bent_lead

tile (success) · true: gray_stroke
Ours: gray_stroke · SimpleShot: rough

tile: no failure case

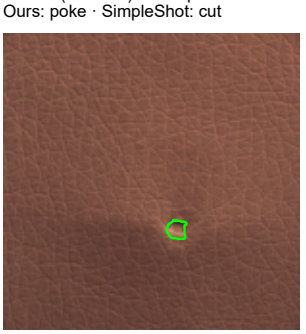

bottle (success) · true: broken_small
Ours: broken_small · SimpleShot: contamination

bottle (failure) · true: broken_large
Ours: contamination · SimpleShot: broken_small

leather (success) · true: poke
Ours: poke · SimpleShot: cut

leather (failure) · true: glue
Ours: color · SimpleShot: color
